In the Higginsville Jeffersonian last week appeared an article headed "Some Recent History." In fear that some unsuspecting reader of the article might get a wrong idea of the events leading up to the appointment of the county highway engineer, one correction, and only one, should be made in the article, and that is the heading, instead of "Some Recent History," the heading should read thus: "A FABLE."

### Forest Notes.

The war department is reforesting a large area near Fort Bayard, New Mexico, for use as an army hospital site.

The light house reservations on the great lakes are able to grow all the white cedar needed for spar buoys in their district.

The Kaibab and the Coconino national forests adjoin each other. Yet it takes from two to three days to go from one to the other across the Grand Canyon of the Colorado.

There are several bands of the Persian fat-tailed sheep on the arid forests of southern Utah. The large fat tail sometimes weighs as much as forty pounds, and, like the hump on the camel, is a reserve supply of nourishment when food is lacking.

Dr. B. E. Fernow, dean of the forest school of the university of Toronto, and Bristow Adams, of the U. S. forest service, have just been elected president and secretary, respectively, of the society of American foresters, the only organization of professional foresters in the western hemisphere.

The legislatures of Virginia and South Carolina are considering advanced forestry legislation.

Inense cedar is proving valuable for piling on the Pacific coast where marine borers are particularly troublesome.

The paper used by the government printing office each year requires approximately 125 million pounds of rag pulp and 490

million pounds of wood pulp.

F. A. Elliott, state forester of Oregon, says that cooperative fire patrol associations among lumbermen for prevention of forest fires have proved their worth.

Of 106 fires last year on the national forests of Arizona, New Mexico, and Oklahoma, more than one-half were caused by lightning. Campers set about one-tenth, and railroads one-twentieth.

Roadside signs, each containing a single catchy sentence in large type, are proving effective in warning against fires on western forest. They give the essentials and tell the importance of protection against forest fires.

### Words of Praise

For Mayr's Wonderful Stomach Remedy

"How thankful we are to you for getting a hold of your wonderful Remedy. My wife could not have had but a short time to live if she had not taken your Wonderful Remedy when she did. One more of those paroxysms pains she was having would have killed her without a doubt. Now she is free from all pain, free from heart trouble and free from that disturbing Neuralgia—all the results of five treatments—and the expulsion of five or six hundred Gall Stones. Now she is able to eat anything she wants and her appetite is good and before taking your medicine she had no appetite and when she ate anything she would suffer death for so doing and could not sleep at night; since taking your treatment she sleeps well all night long." A. NEALL, Rossmore, Texas.  
 The above letter should convince you more than anything we could say in behalf of Mayr's Wonderful Stomach Remedy. Sufferers should try one dose of this Remedy—they should convince them that they can be restored to health. Nearly all Stomach Ailments are caused by the clogging of the intestinal tract with mucoid and catarrhal secretions, allowing poisonous fluids into the Stomach and otherwise deranging the digestive system. Mayr's Wonderful Stomach Remedy painlessly removes these secretions without a surgical operation and puts an end to Colic Attacks, Gases in the Stomach and Intestines and all of the usual symptoms of Stomach, Liver and Intestinal Ailments. Ask your druggist about Mayr's Wonderful Stomach Remedy or send to Geo. H. Mayr, Mfg. Chemist, 154 Whiting St., Chicago, Ill., for free booklet on Stomach Ailments and many grateful letters from people who have been restored.

For sale in Lexington, Missouri, by Westerman & Rankin, and druggists everywhere.
